

## **22. Health Related Income Support**

**Whereas** Disability Income Support is provided to individuals with a permanent, defined disability;

**Whereas** Income Support for individuals unable to work for health reasons without a permanent, defined disability receive lesser financial aid and health benefits;

**Be it resolved** the SLP provide the same financial support and health benefits to all individuals unable to work due to health reasons, regardless of formal status of disability;

**Be if further resolved** the SLP support programs that provide additional support and aids to assist individuals to improve health and possibly regain independence.
